Lung Health Awareness and the Importance of Wearing Correctly Fitting RPE

- **Have you been face fit-tested for the mask being used?**
- **Is it being worn correctly?**
- **Are you clean shaven before using the mask?**
- **Have you been trained to put on and check the mask?**
- **Is the mask being correctly stored?**
- **Is the mask in good condition?**
- **Are filters in place and in date?**
- **If you're using an air fed RPE, has the air quality been checked?**
